

2 February 1982

MEMORANDUM FOR THE RECORD

Ms. Tracey Spencer/OPM advised PPS this date that there is a memorandum on the way to the DDCI stating that OPM can not support the Executive Order on the Interchange agreement because of the veteran preference issue. The Administration has taken a position of strong support for veteran's preference, is pressing to strengthen veteran's preference legislation, and would not agree to any action that would appear to dilute this effort.
